

WATER WELL AND PUMP INSTALLATION INSPECTION REPORT

County Permit Number Type Inspection

Property Owner Name

Well Drilling Contractor

License No.

Pump Installation Contractor

License No.

Well site address, property owner address, and other well location data on well permit application and well construction report forms

DISTANCE IN FEET FROM WELL TO NEAREST SOURCE OF CONTAMINATION (MINIMUM DISTANCE REQUIREMENT FOLLOWS SOURCE)	DRILLED WELL CONSTRUCTION (fill in)	BORED WELL CONSTRUCTION (fill in)
Abandoned well (200 ft.)..... <input type="text"/>	Drill hole depth (ft.) <input type="text"/>	Depth (ft.) <input type="text"/>
Pits, crawl spaces, basements (5 ft.)... <input type="text"/>	Drill hole diameter (in.) <input type="text"/>	Auger hole diameter (in.) <input type="text"/>
Septic tank (50 ft.)..... <input type="text"/>	Casing depth (ft.) <input type="text"/>	Casing diameter (in.) <input type="text"/>
Aeration tank (50 ft.)..... <input type="text"/>	Casing diameter (in.) <input type="text"/>	Casing material <input type="text"/>
Seepage field (75 ft.)..... <input type="text"/>	Casing material <input type="text"/>	Depth to top of buried slab (ft.) <input type="text"/>
Sewer - watertight joints (10 ft.)..... <input type="text"/>	Joints <input type="text"/>	Annular space filled with pea gravel? <input type="text"/>
Sewer - non-watertight joints (50 ft.) <input type="text"/>	PVC standard dimension ratio <input type="text"/>	No. of 50 lb. bags placed over buried slab <input type="text"/>
Barnyard (50 ft.)..... <input type="text"/>	Grout <input type="text"/>	Backfilled by contractor? <input type="text"/>
Manure pile (75 ft.)..... <input type="text"/>	No. of 50 lb. bags <input type="text"/>	
Ponds (25 ft.)..... <input type="text"/>		
Fuel storage tank (200 ft.)..... <input type="text"/>		
Closed loop wells (200 ft.)..... <input type="text"/>		
Same owner (75 ft.)..... <input type="text"/>		
Horizontal piping (25 ft.)..... <input type="text"/>		
PUMP INSTALLATION AND COMPLETION		
For potable use? <input type="text"/>	Date well completed <input type="text"/>	
Pitless manufacturer and model <input type="text"/>	Top of casing 8 in. above finished ground surface <input type="text"/>	
Well cap: watertight, vented, and secured in position <input type="text"/>	Permanent pump installed <input type="text"/>	
Sampling faucet installed <input type="text"/>	Pressure tank size (gallons) <input type="text"/>	
Well disinfected <input type="text"/>	Pump system disinfected <input type="text"/>	
Sample submitted <input type="text"/>		
WELL CONSTRUCTION COMPONENTS INSPECTED		
Installation of casing (material, joints) <input type="text"/>		
Grouting <input type="text"/>		
Grout Application <input type="text"/>		
Installation pitless adapter <input type="text"/>
